Tel SocKet

Technical Specification

Electrical:

Connector Type:RJ45

Cable Type:Ethernet

Transfer Speed:1000Mbps

Physical:

Operating Temperature:-5℃～50℃

IP Rated:IP20

Max Installation Altitude:≤2000M
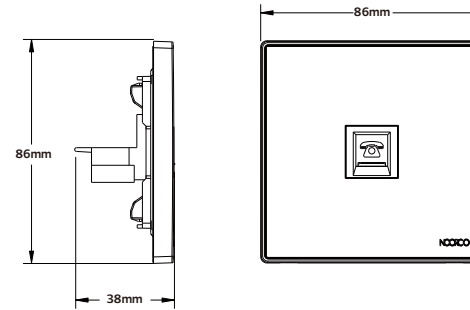

Wiring Diagram

Model:D1022

Description

Computer networK cable socKet is suitable for various computer or networK equipment connection scenarios, such as offices, schools, libraries, homes, etc. Whether setting up a local area networK or connecting to the Internet, the socKet provides reliable networK connectivity and high-speed data transmission.
